Correction: Decoding privacy concerns: the role of perceived risk and benefits in personal health data disclosure

Havva Nur Atalay^{1*} and Şebnem Yücel²

Correction: *Arch Public Health* 82, 180 (2024).
<https://doi.org/10.1186/s13690-024-01416-z>.

Following publication of the original article [1], the authors reported that the information in Acknowledgement section was missing. The Acknowledgement section has been updated as below:

This study is derived from the master's thesis titled 'The Intermediary Role of Perceived Risk and Perceived Benefit in the Relationship Between Behavior of Information Disclosure, Personal Health Data, Privacy Concern, and Perceived Control', completed in 2022 at Selçuk University Institute of Health Sciences, Department of Health Management.

The original article [1] has been updated.

Published online: 02 December 2024
